

Precision balance

AWT-SAFE-W Series

Plastic housing Wash down design for wet area, Water proof IP 67, OIML III equivalent .
 PCB kept in a separated sealed inner compartment to guarantee best water proof
 Water sink design for draining easily to enhance watertight
 Kg, g, lb, oz Selectable weighing units mode
 Double side LED display
 Calibration function by using span calibration
 Low battery indicator
 four rugged adjustable feet for prevent slip on uneven surfaces and with front level bubble
 stainless steel weighing pan Dimension of platter is 230 x 195 mm
 Rechargeable battery good for 40 hours after charged
 6V DC power supply with rechargeable battery included
 Working temperature : 0 °C up to +40 °C

Model	Capacity	Division	Resolution	Pan Size
AWT-SAFE-W-3	3kg	0.5g	1/6000	230x195 mm
AWT-SAFE-W-6	6kg	1g	1/6000	230x195 mm
AWT-SAFE-W-15	15kg	2g	1/7500	230x195 mm
AWT-SAFE-W-30	30kg	5g	1/6000	230x195 mm
