

E201-BNC pH Electrode

General purpose pH electrode, Suitable for measurements of non high temperature and non-viscosity liquids.

Model	E201-BNC
pH Range	0 to 14pH
Temperature Range	0 to 60 °C
Ref. Type	Ag/AgCl
Junction Type	Refills
Body Type	PC
Dimensions	12(Dia.)×120(L)mm

Connector:

Assembled in China
